

NOTICE

Entrance Test 2078

Policy: Admission to any class from LKG to Grade VIII in Gyan Da International School is subject to qualifying the Entrance Test. Admission to grades Play Group and Nursery does not require students to appear for Entrance Test. The Entrance Test is not to reject or select children. It is aimed at distributing the limited seats to the most deserving (academically) students.

Objective: The main objective of the Entrance Test is to find out if a particular child is academically prepared enough for the grade applied for.

Procedure: A student is to take a pen-paper test on basic Nepali, English, mathematics, science, and social science and GK. After successfully scoring the cut-off marks, the child now appears for a Personal Interview in English along with parents. The first list of the successful students will be published on the **22nd of Baishakh-2078 (5th of May 2021)**. Another list of students will be published on the **2nd of Jestha-2078 (16th of May 2021)** if there is any last moment withdrawal. Registration form for the Entrance test is available at the school Front Office.

Registration for the Entrance Test is to be done before the test. Spot registration can also be done on the day of the test but it has to be at least one hour prior to the commencement of the test. In order to avoid the last moment rush, it is advisable that parents collect the registration form, duly fill it up, and submit it at school office in time.

Syllabus and Format: The test is designed on the basis of the syllabus of the grade the student is studying in presently. Questions will be based on the concepts of the core areas of the subjects. **Writing skills, logical thinking, critical thinking, computational skills** will be evaluated through the test. The full mark of the test will be 100. Each subject mentioned above will cover 20 marks each. **There will be 5-mark MCQs (Multiple Choice Questions) in English, mathematics, science, and social science (grade III-VIII).** Time for the said test will be 3 hours. Children may be asked to draw pictures, diagrams etc. in some questions. There will be questions requiring students to write **very short, short, mid-length, and long answers.**

Specification Grid

LKG	Nepali	Writing Nepali Alphabet, identifying objects and matching with words, Writing numbers in Devanagari
	English	Writing English Alphabet, identifying objects and matching with words, filling blanks with letters etc.
	Mathematics	Writing numbers in English and Devanagari, matching numbers with objects, filling gaps etc.
	Science	Matching objects with words, filling gaps etc.
	Social Science + GK	Matching words with objects, filling gaps, drawing pictures etc.

Specification Grid

UKG	Nepali	Writing words in Nepali, identifying objects and matching with words, Writing numbers in Devanagari
	English	Writing words in English, identifying objects and matching with words, filling blanks with letters etc.
	Mathematics	Writing numbers (in words and numerals) in English and Devanagari, matching numbers with objects, filling gaps etc.
	Science	Matching objects with words, writing names of parts of animals and plants, filling gaps etc.
	Social Science + GK	Naming objects, filling gaps, drawing pictures etc.

Specification Grid

ONE	Nepali	Writing single sentence answers in, jumbled words, Writing numbers in Devanagari, filling gaps with words etc.
	English	Writing single sentence answers in, identifying objects and matching with words, filling blanks with words, jumbled words etc.
	Mathematics	Writing numbers (both in words and numerals) in English and Devanagari, matching numbers with objects, simple addition and subtraction of two digits, multiplication tables up to 9 etc.
	Science	Answering in short simple sentences, naming objects, filling gaps with words, drawing etc.
	Social Science + GK	Answering questions in short simple sentences, identifying objects and naming them, matching objects with words, general knowledge about Janakpur and Nepal, drawing etc.

Specification Grid

TWO	Nepali	Short and medium length answers, filling gaps, matching words etc.
	English	Writing short and medium length answers, filling gaps, matching words with objects, jumbled words etc.
	Mathematics	Simple calculations using the basic operations such as addition, subtraction, and multiplication, simple word problems, multiplication tables up to 12 etc.
	Science	Answering in short, simple sentences, filling gaps, matching objects with words, drawing etc.
	Social Science + GK	Short, medium length answers, matching words with objects, filling gaps, drawing, GK about Janakpur and Nepal etc.

Specification Grid

THREE	Nepali	Short and medium length answers, filling gaps, matching words, jumbled words, etc.
	English	Writing short and medium length answers, paragraph writing in 50-60 words, filling gaps, matching words with objects, jumbled words etc.
	Mathematics	Simple calculations using the basic operations such as addition, subtraction, multiplication, and division, simple word problems, drawing and identifying simple geometrical figures, multiplication tables up to 15 etc.
	Science	Writing short, mid-length answers, filling gaps, matching objects with words, drawing and labelling etc.
	Social Science + GK	Answering questions in short simple sentences, matching words with objects, filling gaps, drawing GK about Dhanusha and Nepal etc.

Specification Grid

FOUR	Nepali	Short and medium length answers, short paragraph writing, filling gaps, matching words etc.
	English	Writing short and medium length answers, short essay writing in 100 words, filling gaps, matching words with objects, jumbled words etc.
	Mathematics	Simple calculations using the basic operations such as addition, subtraction, and multiplication, fraction, decimal, simple word problems etc.
	Science	Writing s, mid-length answers, filling gaps, matching objects with words, drawing and labelling, short explanation etc.
	Social Science + GK	Writing short, mid-length answers, matching words with objects, filling gaps, drawing, GK about Nepal and Asia etc.

Specification Grid

FIVE	Nepali	Writing short, medium-length answers, paragraph writing in 50-60 words, editing, jumbled sentences etc.
	English	Writing short and medium length answers, essay writing in 125-150 words, spotting errors, editing, filling gaps, matching words with objects, jumbled sentences etc.
	Mathematics	Calculations using the basic operations such as addition, subtraction, division and multiplication, fraction, decimal, percentage, area, perimeter, mixed word problems, drawing of angles and geometrical shapes etc.
	Science	Writing short, mid-length answers, scientific explanations, filling gaps, drawing and labelling etc.
	Social Science + GK	Writing short, mid-length answers, matching words with objects, filling gaps, drawing, drawing, map pointing, GK about Nepal and Asia etc.

Specification Grid

SIX	Nepali	Writing short, medium-length, long answers, paragraph writing in 60-75 words, proof reading, editing, jumbled sentences etc.
	English	Writing short and medium length, long answers, essay writing in 125-150 words, spotting errors, editing, filling gaps, rearrangement of sentences etc.
	Mathematics	Calculations using the basic operations such as addition, subtraction, division and multiplication, fraction, decimal, percentage, area, perimeter, set, mixed word problems, drawing of angles and geometrical shapes, basic algebra etc.
	Science	Writing short, mid-length, long answers, scientific explanations, filling gaps, drawing and labelling etc.
	Social Science + GK	Writing short, mid-length, long answers, filling gaps, drawing, drawing, map pointing, GK about Nepal and the world etc.

Specification Grid

SEVEN	Nepali	Writing short, medium-length, long answers, paragraph writing in 60-75 words, proof reading, editing, jumbled sentences etc.
	English	Writing short and medium length, long answers, essay writing in 150-200 words, spotting errors, editing, filling gaps, rearrangement of sentences etc.
	Mathematics	Basic arithmetic, algebra, geometry, and mensuration (of grade seven level), explanations, finding errors in calculations, reasoning etc.
	Science	Writing short, mid-length, long answers, scientific explanations, filling gaps, drawing and labelling etc.
	Social Science + GK	Writing short, mid-length, long answers, filling gaps, drawing, drawing, map pointing, GK about Nepal and the world etc.

Specification Grid

EIGHT	Nepali	Writing short, medium-length, long answers, paragraph writing in 100-125 words, proof reading, editing etc.
	English	Writing short, medium length, long answers, essay writing in 200-250 words, spotting errors, editing, filling gaps, rearrangement of sentences etc.
	Mathematics	Basic arithmetic, algebra, geometry, and mensuration, explanations, finding errors in calculations, reasoning etc.
	Science	Writing short, mid-length, long answers, scientific explanations, filling gaps, drawing and labelling etc.
	Social Science + GK	Writing short, mid-length, long answers, filling gaps, drawing, drawing, map pointing, GK about Nepal and the world etc.

Stationery: Parents are requested to send the necessary stationery items such as pencils, pens (blue), eraser, sharpener, ruler, color pencils, mathematical instrument box etc. with their wards on the day of the Entrance Test. Students will be provided with answer book at school.

Date:18th of Baishakh 2078 (1st May 2021)
